ABOUT THE WORKSHOP

In this workshop, you will use a variety of techniques to stitch the elements of the Rising Phoenix onto a hand-dyed silk background. This design includes a number of 3-dimensional techniques using padding and wire. Fabric painting will also be introduced as a method of colouring one of the elements. No prior stumpwork experience is required. The piece will not be completed in class but how to stitch each of the elements will be covered and full instructions will be provided.
