Mossy Teacup

Melanie MacMillan

2 DAYS: Wednesday 8 and Thursday 9

Level: **Beginners**

Technique(s): Surface embroidery and 3D
textured thread work

Kit cost: **\$30**

ABOUT THE WORKSHOP

Get that vintage tea cup out of your china cabinet and turn it into something beautiful that you can hand down to your family.

This is a fun workshop for beginners or those just wanting to play and explore new textured stitches without the concern of perfect technique or perfect looking stitches.

Your finished teacup won't look exactly like mine – it will grow into your own unique mossy, velvety creation that complements your unique cup beautifully.

ABOUT THE TUTOR...

Melanie has been tutoring since 2016, combining her passion for teaching with a love of creative expression. Most days, she's surrounded by a joyful array of threads, beads, and other embroidery paraphernalia. Her approach is organic and intuitive, favoring experimentation and fun. She delights in helping others adapt original patterns using their own unique ideas.
