

The Orb

Helen Pearce

2 DAYS: Wednesday 17 and Thursday 18

Level: All

Technique(s): Canvas stitches and construction work

Kit cost: \$15

CLASS
 SPACES:
15

Sample size: 90mm sphere.

ABOUT THE WORKSHOP

This sphere is interesting from every angle and sure to delight!
 The workshop will teach students various canvaswork stitches and how to construct The Orb – we will make an orb in cardboard so students will have a model to take home as a reference.

Some pre-class preparation will be required.

A layout pattern will be supplied before Conference and students can mark their canvas and start the stitching on the curves.

ABOUT THE TUTOR

When Helen shifted to Coromandel, she was invited to join the local embroidery guild and this began her exciting stitching journey.

Helen loves designing and constructing her own embroidered pieces. She has tutored at her local guild (Coromandel), The Great Escape and Tui Ridge.

WORKSHOP NEEDS LIST

#222: The Orb

Helen Pearce

Kit cost: \$15

The kit will include the template, cardboard and constructions notes so the project can be finished at home.

Participants should bring:

- 18 count canvas, 30x36 cm – cut into 3 pieces 30x12 cm.
Either masking tape the edges, stitch fabric around and lace into a frame if you want to work in a frame – as the pieces are fairly small they can be worked in the hand... personal choice
- 2 balls perle 8 (contrasting colours)
- Sewing thread (for lacing)
- Tapestry 24 needle
- Usual sewing kit
