### ABOUT THE WORKSHOP

Darning can be found in many parts of the world, presented in different styles. It can be both functional and decorative. The process of pattern darning is relaxing and addictive.

The finished sampler has 30 patterns, some original and others based on traditional designs.

The patterns can either be stitched with one strand of thread on 32 count linen or with two strands on 28 or 30 count linen.

### ABOUT THE TUTOR

Jill has been embroidering and quilting since the late 80s and is experienced in a wide range of techniques. She has been a tutor since 2011 in both embroidery and patchwork. Jill has a passion for using pattern and colour to create embroidery, whether it be in counted work or surface stitching, and likes to share that passion with others.
