ABOUT THE WORKSHOP

This canvaswork piece is designed to give an opportunity to use a multitude of stitches, exploring pattern, texture and colour. Choose threads in your favourite colours in a variety of thicknesses, perhaps including a variegated and fine metallic – experiment and enjoy the possibilities.

This piece will not be completed in class but all stitches will be covered with full instructions included.

ABOUT THE TUTOR

Tricia enjoys creating beautiful handmade articles using paper, mixed media, fabric, thread and beads, finding challenge in both traditional techniques and experimental work. Tricia is a very experienced embroiderer and tutor, and the designer of ANZEG's Mystery Stitchery Conference 2022 canvaswork fundraiser.
