

CONFERENCE 2022

Stitch-a-Plenty

Hosted by Tauranga Embroiderers' Guild Inc

What a fabulous week at Conference 2022 *Stitch-a-Plenty* with many friendships renewed and others made. Sometimes changes were required and we thank you all for being flexible. We are very well aware that some attendees may now be feeling off colour with so many bugs flying around. Although we are aware of 3 Covid cases during the week, all these ladies immediately self-isolated, as did friends who were staying with them. It has come to our attention this morning (Saturday 23 July) that several people who came to Conference have tested Covid positive in the last 24 hours. This virus seems to have no reason and quite random where it rests. If you are unwell we wish you a speedy recovery and hope your stitching endeavours from Conference give you much pleasure as you recuperate. On behalf of everyone involved please accept our very best wishes

Linda Inglis
Convenor
